

BUILDING HEIGHTS

The architectural section drawing illustrates a city skyline with building heights indicated by red dashed lines and elevation markers. The drawing includes a site plan inset in the top right corner and a section label 'Section A-A' in the bottom right corner.

Key elevation markers and building details include:

- +10**: Elevation marker for a building on the left side of the section.
- +12**: Elevation marker for a building in the center of the section.
- +12**: Elevation marker for a building on the right side of the section.
- Building Details**: The drawing shows various building footprints, including a large building with a grid of windows and a smaller building with a curved facade.
- Site Plan Inset**: A small site plan in the top right corner shows the location of the section line (A-A) relative to the city grid.
- Section Label**: The text 'Section A-A' is located in the bottom right corner of the drawing.

BUILDING HEIGHTS

This architectural section drawing illustrates the vertical profile of a building complex. The ground level is represented by a solid black silhouette. The buildings are depicted with white outlines and grey shading to indicate different levels and volumes. Two vertical red dashed lines mark the boundaries of the section, labeled 'A' and 'A'' at the bottom. Several red arrows point to specific floor levels, with labels: -12, +0, +12, and +12. The drawing shows a series of interconnected volumes, some with internal floor slabs and columns visible. The overall composition is a cross-section through the building mass.
