

ARBEITSHÖHE

A 3D architectural rendering of a modern, minimalist office desk. The desk is composed of several rectangular blocks in a light beige color. It features a central work surface, a lower section for storage or seating, and a raised section for a monitor or additional workspace. Silhouettes of three people are overlaid on the scene: one standing on the left, one sitting at the desk in the background, and one standing on the right leaning over the desk. Dotted lines connect the German labels to specific parts of the desk: 'ARBEITSHÖHE' points to the main work surface, 'STEHHÖHE' points to the top edge of the raised section, 'SICHTSCHUTZ' points to the vertical divider between the main desk and the raised section, and 'INDIREKTES LICHT' points to the lower section of the desk.
