

The floor plan illustrates the layout of the new building at Schloss Stein. The central feature is a large multi-purpose hall (Mehrzweckturnhalle) with a total area of 485 m², measuring 15m by 27m. This hall contains three large circular tables and is flanked by a long row of lockers (GERÄTE, 75 m²) and a kitchen (Küche, 19 m²). The kitchen is adjacent to a storage area (Lager, 14 m²) and an entrance (Anlieferung). A ramp (RAMPE) is located near the entrance. The building also includes a staircase (Stufenabmessungen: 17 Stk. 28 / 18,0), a hallway (Flur, 30,50 m²), and several smaller rooms: two changing rooms (UMKLEIDE, 20 m² each), a toilet/washroom (DU / WC, 9 m²), a first aid room (Erste Hilfe, 7,7 m²), a second classroom (Lehrer II, 7,7 m²), and a technical/cleaning room (Technik + Reinigung, 10 m²). The plan is set against a background of green landscaping with trees and a yellow wall on the right.
