

# PATH

FOUR DIFFERENT TYPES OF APPARTMENS CREATE A STRUCTURE HELD BY SEVEN TOWERS. EACH TYPE FOCUSING ON A DIFFERENT NEED OF ITS INHABITANTS. TOWERS CONNECTED BY SOCIAL PLATFORMS AND ANIMATED BY SMALL RETAIL AND GASTRONOMY WHICH TAKE PLACE IN THE OVERLAP WITH THE PLATFORM CREATE A UNIQUE PLAZA 'FLYING' ABOVE THE FORMER PARCEL. A NEW HOUSING LEVEL RIGHT UNDERNEATH THE PLAZA CREATES A NEW CITY ABOVE THE OLD STRUCTURE.
