

A photograph of a multi-story apartment building with a grey facade. The building features numerous windows, many of which are open. Several air conditioning units are mounted on the exterior walls. Laundry, including clothes and towels, is hanging from balconies and window sills on several floors. The overall appearance is that of a densely populated urban residential area.

**Die Umgebung, in der wir leben, arbeiten, lernen und spielen, hat Einfluss auf unsere Gesundheit. Ein gesundes Wohnumfeld ist sicher und attraktiv, lädt alle zum Miteinander ein, fördert gesundes Verhalten und macht das Leben angenehm.**
